GENERIC FLAG TEMPLATE

This document contains a generic template for sending us your flag design.

Print it out and sketch your design roughly onto it to show us how the different design elements are to be placed.
(You only need to print out and send us back page two of this document)

There is a box to give pantone colour references and font styles if you have specific requests.

The third and fourth pages of this document are examples of how your completed template might look.

You then have three ways of sending this back to us - scan and email (preferred method), take a digital photo and email (not ideal, but it's a start!) or just go all retro and post it to us with a covering letter.

We will prepare ONE visual free of charge - any subsequent changes will incur a cost of £5 per alteration, so please insure your layout is correct and as detailed as possible when sending us your first copy.
